

CAROL PIÑEROS TRUJILLO

Full Stack Java Developer | Energy & Data

carolpy25m@gmail.com | [LinkedIn](#) | [Portfolio](#)

Bogotá, Colombia

Full Stack Java Developer with a background in Mechanical Engineering. I have solid foundations in Java, Spring Boot, REST APIs, PostgreSQL, Python, and web development, focused on building end-to-end solutions. My experience in industrial environments (SAP PM) and energy efficiency certifications (ISO 50001) provides me with an analytical perspective to understand business processes and translate them into software. Currently, I am consolidating my Full Stack and Cloud skills; I am committed to continuous learning, highly adaptable, and eager to learn new technologies. I seek to contribute my technical rigor and join a team where I can add value from day one while continuing to grow professionally.

EDUCACIÓN

Generation Org, Colombia

September 2026

Full Stack Java Program

Universidad Distrital Francisco José de Caldas, Bogotá, Colombia

November 2023

Degree in Mechanical Engineering

PROYECTOS RELEVANTES

- *AgendaPets | Pet Grooming Booking Platform* **July 2026 – Present**
Full Stack Developer
 - Built a REST API to orchestrate the appointment booking flow, implementing the relational model and database in PostgreSQL. Additionally, I integrated the backend with a dynamic and seamless user interface developed using JavaScript, HTML, CSS, and Bootstrap.
Technologies: Java · Spring Boot · PostgreSQL · JavaScript · HTML · CSS · Bootstrap · Git/GitHub
- *Huerta Hayuelos | Community Garden Web Management System* **September 2026 – Present**
Frontend Developer
 - Developed a responsive web application (HTML, CSS, JavaScript, Bootstrap) to centralize the management of crops, activities, and waste for a community garden.
Technologies: HTML · CSS · JavaScript · Bootstrap · Git/GitHub
- *Coworking API | REST API for Workspace Management* **September 2026**
 - Developed a REST API in Java and Spring Boot with CRUD operations to manage locations and workspaces, ensuring data integrity and exception handling through PostgreSQL.
Technologies: Java · Spring Boot · API REST · PostgreSQL · Postman · Git/GitHub

WORK EXPERIENCE

- *Empresa de Acueducto y Alcantarillado de Bogotá (EAAB)* **May 2021 - December 2025**
Maintenance Scheduler / Document Management
 - Managed maintenance work orders in SAP PM, ensuring response times <24h and operational continuity.
 - Analyzed maintenance KPIs and created reports to support data-driven decision-making.
 - Coordinated multidisciplinary teams, achieving a 95% compliance rate for the annual plan.
 - Administered technical documentation, ensuring the traceability and integrity of blueprints, manuals, and records.
 - Optimized access to technical information and standardized document processes, reducing query times and improving operational efficiency.

- **HB SADELEC**

November 2019 - January 2021

Project Designer

- Designed and verified steel structures in AutoCAD, ensuring proper project execution without rework.
- Prepared work orders and technical documentation to coordinate the design and production departments.
- Managed technical information, improving the organization and availability of critical documentation.

SKILLS

- Backend & Architecture: Java, Spring Boot, REST APIs, Object-Oriented Programming (OOP).
- Databases & Data Analysis: PostgreSQL, MySQL, SQL, Python, Power BI, Excel.
- Frontend: JavaScript, HTML5, CSS3, Bootstrap.
- Tools & Management: Git, GitHub, Postman, IntelliJ IDEA, SAP PM, AutoCAD.

COMPLEMENTARY TRAINING

- Software and Mobile Apps Development Diploma (800h) – Universidad del Bosque & MINTIC (2021)
- Database Construction with MySQL – SENA (2026)
- ISO 50001 Internal Auditor: Energy Management System – SGS Academy (2025)
- Renewable Energy Management Diploma – Politécnico de Colombia (2025)

LANGUAGES

- English (B2) (Preparing for IELTS Certification)
- Spanish (Native)
